# Founders' Tribute

**Rev. J.N. Stokes, Sr.**  
Created a resolution to fund planning of a college for ministers and children that was adopted by the Florida Baptist Association.

**Rev. J.L. Fish**  
Served as the president of the newly formed Florida Baptist Institute in 1879.

**Rev. Dr. Matthew Gilbert**  
Founded the Florida Baptist Academy at Jacksonville, Florida in 1892.

**Mrs. Sarah A. Blocker**  
Served as an instructor at the Live Oak campus and the Chief Assistant to Rev. Dr. Matthew Gilbert in restoring the Florida Baptist Academy at Jacksonville, Florida.

From the humble beginnings of the Florida Baptist Institute at Live Oak and the Florida Baptist Academy at Jacksonville came these Founders whose vision and insight led to where we stand now as crusaders for and promoters of Christian principals, academic excellence, and service to humanity.

Founded in 1879, Florida Memorial College is the result of the dedication of two forward thinking Baptist organizations – the Florida Baptist Academy and the Florida Baptist Institute – who founded the institution with the hope of educating African-American students in the latter part of the 19th Century.

Today, Florida Memorial College is South Florida's only Historically Black College, and continues to give students an opportunity to change their lives. In this, our 21st Century, Florida Memorial College has embarked on a journey marked by a multi-faceted program of academic excellence, historically-based spirituality, and a futuristic attitude toward preparing our students for the challenges they face in an ever-increasing technological world.

OFFICE OF THE PRESIDENT

Dear Students:

I am delighted to have the opportunity to present this latest edition of The Arch to the Florida Memorial College Community. As usual, the new edition does a superb job of reflecting the participation of students in activities on campus during the past academic year.

To those students who take time to become involved in campus activities I want to say "thank you" for your participation. It is because of you that we have a rapidly growing "Lion Spirit" on campus. Likewise, we owe a great deal of thanks and appreciation to those members of the faculty, staff and administration who work as advisors to student organizations. It is an absolute fact that without the assistance of these loyal and dedicated professionals, many campus activities would never materialized.

Last but certainly not least, I want to thank Ms. Sharhonda Ford and the Student Publications Staff for another year of splendid campus media work. Thank you again for producing another outstanding yearbook.

Sincerely,

  
Albert E. Smith, Ph.D.  
President

## *Metamorphosis*

The metamorphosis of a butterfly is a divinely process,  
Like humans going from infancy to adulthood,  
the caterpillar has to go through a cocoon stage before it becomes a beautiful butterfly,

Look at us, we weren't always defined, and refined students,  
you see our matriculation here has been like a metamorphosis of a butterfly,

You see know we are soaring with grace, intelligence, wisdom, poise,  
and elegance, with diverse shapes, colors and sizes, because we have been  
fearfully and wonderfully made.

Remember freshman year, we were like caterpillars lost just trying finding our way,  
embracing and embarking on this new journey,  
As the semesters toiled along, adapting to the FMC family became second nature,  
we haven't noticed that we transcended into a cocoon stage.

In this cocoon stage many of us found the presence, peace, and love of God, through  
trials and tribulation we endured as family and individually,  
But most importantly, liberated form mental oppression and ignorance from this  
complacent society.

As the class of 2005 we are truly beautiful to behold,  
Unlike butterflies our process doesn't stop here after graduation,  
We must go through this rebirth process again,  
In order for us to prepare for the next elevation,  
So always remember your undergraduate experience,  
For we will see each other in another stage humbly,  
Preparing to be molded again by our Father's hand,  
So keep soaring, soaring, soaring, into the presence of God.

Davica Vermille Williams, Miss Senior 2004-2005

## Student Inducted into National Honor Society

*by Kara Thompson*

Florida Memorial College junior, Ida Jones, 25, West Hollywood, CA, was inducted into the National Scholars Honor Society.

Jones, a Public Relations major expects to graduate in the summer of 2005 with a Bachelors Degree in Communications, with a concentration in Public Relations. Upon graduation, Jones intends to enter a 10 month program at Columbia University receiving a Master's Degree in International Affairs.

According to the National Scholars Honor Society website, "students attending institutions of higher education within the United States of America are eligible to apply for membership." This Honor Society is open to undergraduate, graduate and professional students, full-time and part-time, as well as foreign students attending schools within the U.S.

While there are no preset GPA requirements, "typical members have a B+ average (3.6 out of 4.0)," according to The National Scholars Honors Society website. While a high GPA does not guarantee admission, a low one does not guarantee exclusion. Students interested in applying should visit [www.collegehonors.org](http://www.collegehonors.org).

## Baseball Team Finishes 2<sup>nd</sup> in Tournament

by Nathanael Paul, Sports Correspondent

FMC hosted its 6th Annual McKinley Invitational tournament last month and finished second falling to Albany State. Albany State under Coach Ed Taylor went 4-0 in the tournament. Each team was scheduled to play a total of five games but because of the rainy weather, the teams played four games. Florida Memorial went 2-2 in the tournament landing them in second place. The majority of the games were played at FMC's Harry T. Moore baseball field and one was held at Miami-Dade Community College.

The purpose of the tournament is to have Historically Black College baseball teams compete against one another. It serves also as a good warm up for the start of the regular season. The tournament has been up and running for six years and is sponsored by McKinley financial services. One of the reasons the tournament is being held in South Florida is because the weather is normally good. FMC being accustomed to the weather took advantage and played well.

"I like what I see in the team this year. We have a lot of speed on defense," said Coach Robert Smith.

"The new players we have this season are going to make us stronger offensively," said Smith.

As a result, the McKinley tournament gave FMC Lion's a chance to compete with other teams and hope that those four warm-up games were enough motivation to have a successful season.

## Farah Bourdeau Studies Abroad

*by Kara Thompson*

Last fall one FMC student traveled to the University of Namibia in Southwest Africa, through the Study Abroad Program to further her education and life experience.

Junior, Farrah Bourdeau, traveled to Namibia through the American Friends Society Study Abroad Program. Bourdeau participated in the Africa People to People (PTP) Study/Work Abroad program, which according to the American Friends Service Committee (AFSC) website, is a three year initiative of the Africa Peace Education Program (APEP) sponsored by the AFSC.

According to the AFSC website, participants of the PTP program must complete twenty hours of community service locally. In addition, students are housed on campus and can receive transferable academic credit at their home institutions. Students must have at least a 2.7 GPA and meet the admission and registration requirements for the University of Namibia.

Bourdeau was excited to visit another country and experience study in another country as well as the opportunities it will afford her. She was in Namibia from July 8 to November 17.

Students interested in participating in this program or any of the Study Abroad Programs should contact Assistant Professor of French, Dr. William Perry who is the Study Abroad Coordinator.

## Julio Giron Attends Summer Program

*by Kara Thompson*

FMC Senior Julio Giron was selected to participate in the "It's All About Business" (IAAB) 2004 Summer Program at Wake Forest University Babcock Graduate School of Management.

Julio, 22, of Homestead, FL learned of the program after browsing through applications posted on the wall outside of the Business Administration Division Office wall. According to Julio, he just happened to walk by one day and pick up an application.

A marketing major, Julio's primary motivation for attending IAAB was to "get an inside view of what graduate school is really about. All the applications, tours and advertising are not the same as experiencing it hands on."

The highlight of the program was the day that his group presented their company and industry analysis project presentation. "After the long hours and sleepless nights it all came together and it felt good," he said.

There was a highly selective application process. In order to apply you had to be a rising senior from an under-represented minority group majoring in liberal arts, science or engineering with an interest in attending a graduate program in the future. Julio gives this advice to student who would like to participate next year: "apply early, be willing to go beyond the call of duty, and know that hard work pays off."

Upon graduation, Julio would like to attend graduate school at Wake Forest University, University of North Carolina or Winston-Salem State University.

## Kara Thompson Wins Scholarship

*by Dr. Mary Angie Salvá-Ramírez  
Assistant Professor of Communication*

On July 26, 2004, the Endowment Committee of the PRSA Miami Chapter selected Kara Thompson, 24, Communications Senior, Newton, KS, as the winner of the Ev Clay/PRSA Miami Chapter Endowment Fund Scholarship Award.

The selection committee was extremely impressed with Kara's potential for success in the public relations field. Bob Ross, Co-Chair of the Endowment Committee, congratulated Dr. Bill Jong-Ebot, Humanities Division Chair and Coordinator of the Communications Department, on the outstanding quality of the FMC students who applied for this award. Ross said, "We were really impressed by the thoughtfulness of the essays, which were as good or better as any from other schools."

Kara received a check for \$2,000 at PRSA's annual endowment fund luncheon held on Friday, October 1st, at the Biltmore Hotel in Coral Gables.

## FGLSAMP Achievements

by Rose Mary Stiffin, Ph.D., Chair of the Natural Sciences Division

"I am ecstatic to report that the students of Florida Memorial College came home victorious," said Dr. Rose Mary Stiffin.

The annual Florida Georgia Louis Stokes Alliance for Minority Participation (FGLSAMP) was held at the University of Central Florida (Orlando). There were 16 presenters in all the STEM areas (sciences, technology, engineering, and mathematics). Of the six categories judged: chemistry, physics, engineering, mathematics, life sciences, and computer sciences, we placed in four of the six: mathematics, chemistry, physics, and engineering. And the winners are:

### Oral

1st place in Chemistry: Lisa Irish

2nd place in Mathematics: Keisha Pierre

3rd place in Physics: Leonardo Rabathaly

### Poster

1st place in Physics: Kerron Howe and Gary Roberts

2nd place in Chemistry: Mandisa Edwards (Tricia Alexander and Trevis Huggins)

3rd place in Chemistry: Osi Iyalomhe

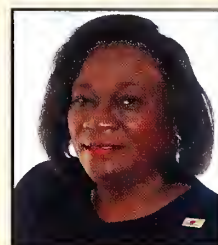

1st place in Engineering: Leonardo Rabathaly

Although the above-mentioned students brought home prizes in the STEM disciplines, we feel that every student who went and competed was a winner. We are dedicated to the advancement of science, mathematics, engineering, and technology. All of our students exemplify our hard work and commitment to the goal of collegiate excellence and scholarship.

I would like to thank personally Drs. Ayivi Huisso (Physics), Dimitri Tamalis (Chemistry), Nancy Wu (Chemistry), James Northern (Biology), Thomas Snowden (Biology), and Carlos Canas (Mathematics); and Mrs. Malou Carswell (Computer Sciences) for serving as mentors/judges. The many victories could not have happened without your stalwart efforts!

# FUTURE EDUCATORS of AMERICA

Future Educators of America (FEA) is a national organization that exists on the elementary, middle, high school, and college level. For colleges, FEA expands the pool of applicants to teacher education programs and provides early identification of potentially excellent future teachers. Florida Memorial College has been a nationally recognized FEA chapter since 2001.

During the first half of the last century, the National Education Association initiated a Future Teachers of America program. Local chapters of that program still exist in a number of states. Similar efforts also were made by various state departments of education, many local schools, and most notably, by Jan Towslee. As president of the Association of Teacher Educators, Towslee made the development of Future Educators of America a priority.

Phi Delta Kappa International has decided to help develop a national FEA network that, it is hoped, will draw together the individual initiatives into a cohesive, nationwide program of support for the development of new teachers.

## THE BIRTH OF OMEGA

On Friday evening, November 17, 1911, three Howard University undergraduate students, with the assistance of their faculty adviser, gave birth to the Omega Psi Phi Fraternity. This event occurred in the office of biology Professor Ernest E. Just, the faculty adviser, in the Science Hall (now known as Thirkield Hall). The three liberal arts students were Edgar A. Love, Oscar J. Cooper and Frank Coleman.

From the initials of the Greek phrase meaning “friendship is essential to the soul,” the name Omega Psi Phi was derived. The phrase was selected as the motto. Manhood, scholarship, perseverance and uplift were adopted as cardinal principles.

*“Where the sun dawgs lie and it’s hard to pledge the Due Psi Phi.”*

# Phi BETA SIGMA

Phi Beta Sigma Fraternity, Inc.  
Beta Pi Chapter  
Est. January 9, 1914

Phi Beta Sigma Fraternity, Inc. was founded at Howard University in Washington, D.C. on January 9, 1914 by three young black male students. The founder,s Honorable. A. Langston Taylor, Honorable Leonard F. Morse and Honorable Charles I. Brown wanted to organize a Greek-letter fraternity that would truly exemplify the high ideals of brotherhood, scholarship and service. The founders deeply wished to create an organization that viewed itself as “a part of” the general community. They believed that each potential member should be judged on his own merits rather than his family background or affluence, without regard of race, nationality, color, skin tone or texture of hair. They wanted their fraternity to exist as a part of an even grater brotherhood-sisterhood which would be devoted to the “inclusive we” rather than the “exclusive we.”

# ZETA Phi BETA

Zeta Phi Beta Sorority Inc.  
Est. January 16, 1920  
Iota Alpha Chapter

Zeta Phi Beta Sorority, Inc. was founded on the simple belief that sorority elitism and socializing should not overshadow the real mission for progressive organization to address societal mores, ills, prejudices, poverty, and health concerns of the day. Zeta began as an idea conceived by five coeds at Howard University in Washington D.C. the most Honorable Arizona Cleaver, Myrtle Tyler, Viola Tyler, Fannie Pettie, and Pearl Neal, also known as our five pearls, dared to depart from the traditional coalitions for Black women and sought to establish a new organization predicated on the precepts of Scholarship, Service, Sisterly Love, and Finer Womanhood. It was the ideal of the Founders that the Sorority would reach college women in all parts of the country who were sorority minded and desired to follow the founding principles of the organization. Since its inception, the sorority has chronicled a number of Firsts. Zeta Phi Beta was the first Greek-letter organization to charter a chapter in Africa (1948); to form adult and youth auxiliary groups; to centralize its operations in a national headquarters; and to be constitutionally bound sorority to a fraternity, Phi Beta Sigma Fraternity, Inc.

Over the years since the sorority's inception, Zeta Phi Beta has chartered hundreds of chapters and initiated thousands of women around the world. On April 6, 1942, Iota Alpha, the Florida Memorial chapter, was one of the hundreds. The members of Iota Alpha strive to continue the path lay before us by upholding our principles and shining a torch for elite few of the future.

# IOTA Phi THETA

Iota Phi Theta Fraternity, Inc.  
Colony  
Est. 1963

On September 19, 1963, at Morgan State College (now Morgan State University), 12 undergraduate men, Charles Briscoe, Charles Brown, Frank Coakley, Elias Dorsey Jr.; Charles Gregory, Albert Hicks, Louis Hudnell, Webster Lewis, John Slade, Lonnie Spruill, Michael Williams, and Baron Willis formed what is now fifth largest predominately African American Fraternity in the United States: Iota Phi Theta Fraternity, Inc. Our founders were unique because they were non-traditional students and 3-5 years older the average college student. Some were married, some were veterans, and some even held full-time jobs while attending college to earn a degree. This led to the concept of a "fraternity" that was vision ...a vision of Iota Phi Theta. The motto of the fraternity is "Building on a Tradition, Not Resting on One."

# Lambda Sigma Upsilon

Lambda Sigma Upsilon Latino Fraternity, Inc.

Lambda Sigma Upsilon Latino Fraternity, Inc. was founded on April 5, 1979 at the Livingston Campus of Rutgers University, New Brunswick, New Jersey. The basis of the fraternity was founded in 1978 when minority students, especially Latinos felt that they were not getting the attention that they deserved for their academic endeavors. So a group of Latino students formed college protests and sit-ins. Once this was established and the university administration seen their negligence, a group of Latino men came together and decided to start an organization that would help the Latino population on campus with their goals and give them a sense of a family away from home. So on April 5, 1979, 20 Latino men created Lambda Sigma Upsilon Latino Fellowship, Inc. Since the inception of this fellowship, we have changed to Lambda Sigma Upsilon Latino Fraternity, Inc. With the baby blue and white in these 20 Latino men's eyes the future of the organization grew from one chapter to thirty-two chapters and spanning into seven 7 states. The office motto of Lambda Sigma Upsilon Latino Fraternity, Inc. is Latinos Siempre Unidos, Latinos Always United.

Our goals are to contribute to and promote academic excellence among brothers and insure a degree. To promote cultural awareness as well as cultural diversity. To be role models to students of institutions of higher education and the community at large. Our national philanthropy is AIDS/HIV Awareness. The Tekesta Chapter of Lambda Sigma Upsilon Latino Fraternity, Inc. has incorporated the Cystic Fibrosis Foundation as our chapter philanthropy. The reason this particular foundation was chosen because it took one of the founding brothers, Michael Pinto, cousin's life. We are trying to help to fight this incurable disease. The dream became reality to three individuals that seen something in a fraternity and wanted to bring some cultural diversity to the campus of Florida Memorial College. These individuals are the Founding Brothers of the Tekesta Chapter, Julio Giron, Michael Pinto, and Randy Guzman. We are soon to be celebrating our second year anniversary at Florida Memorial College on October 26th. Here are a little quick facts about our organization:
